Welsh for workers from overseas, Health and Social Care

This online Welsh course is designed for people from overseas who are new to the Welsh language and work in health and social care in Wales. It introduces simple Welsh words and phrases that you can use in your everyday work to communicate with colleagues and the people you support.

The course is delivered online to complete beginners and is tutor-led, giving you the opportunity to learn Welsh alongside other learners from across Wales who share similar experiences and goals. With guidance and support from your tutor, you can develop your Welsh language skills, build confidence and practise using Welsh in a supportive learning environment.

The course is divided into 10 units. Units 1–8 focus on developing basic Welsh language skills relevant to health and social care settings. Units 9 and 10 introduce you to Wales, including its history, people, culture and Welsh language.

After completing all 10 units, you will receive a certificate to recognise your achievement.

Join us to learn Welsh, connect with other learners across Wales and build your confidence in using the language in your health and social care role.
